Station HOSPET., *Dated the* 29th. October. 1931.

From (Name) Dr. R. Nagana Gowda. M. Sc. Ph.H

(Designation) Chairman Muncipal Council. HOSPET.

To The Secretary to the Government of Madras,

Local Self Government. Department.

MADRAS.

Sir,

I have the honour to furnish below the necessary information called for.

(a). There are about 320 sheds in all in the Malarial zone of which according to our records I7 sheds are constructed since ~~19~~ 1930. Besides these I8 pucca ~~sheds~~ buildings and II other structures such as verandahs, bath-room, compound wall, well, etc being improvements to existing buildings have come into existence.

(b) . These huts etc are within two furlongs from the Raya channel and action is being taken for removal of I5 newly constructed. Muncipality is dumping rubbish into the pits close to Raya Channel with a view to fill them up. A few cultivators have

P. T. O.

stored their manure temporarily. Most of the manure heaps have been got removed.

(c) Washermen wash their clothes in two places In Raya Channel and take them home in the evening after drying them up.

I have the honour to be.

Sir.

Your most obedient Servant.

Q.

Question is starred

Clause (a) The northern end of the town of Hospet has been banned since 1915 for residential purposes. In the recent address by the Hospet mel to H.E. the Governor it has been stated that because of the ban no new buildings have been constructed in the area in recent years. The Govt have no information about the number of buildings etc that have been constructed in the area after the ban.

Clauses (b) and (c). The Govt have no information.

Clause (d) There is no such proposal now before the Govt.

It is for consideration whether the details asked for in clauses (a) (b) and (c) may be called for from the C.R.C. Hospet. If it is not necessary, the draft answer below is for approval.

Mr Ranganatha Mudaliar M.L.C. asks if we are consiedring the removal of the ban on building in the malarial zone of Hospet. I think we have made a reference regarding this matter to the Collector. Please let me know the position.
Mr R.Mudaliar wants the ban removed and restrictions on the buildings to be erecte to be imposed instead.

Subj: Ref: Whether there is any proposal under consideration to remove the ban on building in the malarial zone of Hospet municipality.

Reference is solicited to the correspondence in Go. no. 2444 P.H. dt. 15.12.31 from Rao Bahadur Kotebasappa in connection with the question asked by Mr. Ranganatha Mudaliar regarding the certain particulars in the number of huts, buildings, etc in the prohibited area were called for from the C.R.C. Hospet. Please see the Chairman's reply on top 6-7 of the Go.

the Health authorities have persistently reported that the area under reference should not be used for residential purposes. Unless it is declared to be free from malaria, it does not seem advisable to revise the previous orders. Attention is invited to GO 828 P.H dt 24-4-1928 (IV) and to the note, pp 4-5, 9-10 and 14-15 of GO 3237 Genl dt 3-9-31. (I)

The main point of Mr. Mudaliar is that the prohibitory orders are not being enforced & that huts are springing up indiscriminately. The remedy, it seems to me, is not to keep it known that Council to enforce the existing orders strictly & a panic of Corporation action by Govt. If the absolute prohibition of buildings cannot be enforced, it fail to -

Local Self-Government Department,
Fort Saint George, M a d r a s,
4th January 1932.

D.O.

Dear Mr. Ranganatha Mudaliar,

One of the subjects which you discussed with me the other day was the imposition of the ban on buildings in the malarial zone of Hospet Municipality. I have now had an opportunity of studying the file at some lengt and fear I cannot agree with you that any modification of the existing orders are possible. I understood you to say that unauthorised buildings and huts are being erected indiscriminately and the area is thus being rendered insanitary. The remedy for this state of affairs appears to be not the raising of the ban but its more rigid enforcement. Your proposal was, I think, to allow controlled building but if the absolute prohibition cannot be adequately enforced, it is unlikely that the control which you had in mind could be main-

maintained. After all what is needed is the eradication of the anopheline mosquito and no control of building will achieve that.

The Health Department have very strong views on the danger to health involved in allowing occupation of the prohibited zone and I do not see how we can ignore their recommendations in this matter.

I hope therefore you will understand my inability to agree with your proposal. In his letter dated the 15th October last the Municipal Chairman informed Government that action was being taken to remove some of the unauthorised huts.

As regards a grant for the Rayadroog High School building which you also mentioned, I have received a letter from the President, District Board, on this subject which is receiving attention.

With kind regards,

Yours sincerely,

o/c

To
